Invent Tomorrow, Today

ECE students Dalia and Leo are part of the team that created course selection aide, ELCANO. In this spotlight, they share their insights and advice for fellow students and speak to their experience in ECE at U of T.

Among the top ECE
departments in Canada
and the world

ECE has secured over
135 patents in the past
five years

Over 33% of ECE
students are women

Join One of Canada's Top Electrical and Computer Engineering Departments

Undergraduate Programs

We offer a four-year BASc Degree with two options: Electrical Engineering and Computer Engineering.

[Learn more about our Undergraduate Programs](#)

Graduate Programs

We offer three degrees: the Master of Engineering (MEng), the Master of Applied Science (MAsc) and the Doctor of Philosophy (PhD).

Hear from the Chair

An award-winning researcher and teacher, she prioritizes innovation, industry and alumni collaboration, and aims to provide an inclusive student experience. A former ECE student herself — for all three of her degrees — she is dedicated to fostering the growth and empowerment of the next generation of electrical and computer engineering leaders for the betterment of society.

Traditional Land Acknowledgement

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
